

GST 1200

Cementitious Admixture For ECC Mortars

GST 1200 is designed to provide a homogeneous mixture of PVA fiber and mortar at high fiber dosages. (PVA-ECC) GST 1200 is a dry, water-soluble powder, which is useful when added to Portland cement based grout and mortar, and other types of cement. It is fast mixing and dissolves rapidly. Normal set times will not change as GST 1200 does not retard hydration.

Application: Typical quantity used is 0.3% - 0.7% of weight of dry materials in your mixture. This amount varies depending on your custom mixture. Ladder testing and sampling are highly recommended for exact dosage. Be sure to stir mixture prior to measuring due to settling during shipping.

Buyer should be aware that this product is only a portion of your custom design mix. GST International will not be held responsible for the outcome of any project that uses its products, as GST is not involved in the actual preparation or application.

Precautionary Notes: In accordance with good industrial practice, eye protection, impermeable gloves and adequate ventilation are recommended when using this product.

First Aid Statements: Treat as you would Portland cement. If inhaled, remove to fresh air. If breathing is difficult, give oxygen. If unconscious, evaluate the need for artificial respiration. Get medical attention immediately. In case of eye contact, immediately flush eyes with plenty of water for at least 15 minutes. In case of contact with skin, wash with soap and water. Wash clothing before reuse.

KEEP THIS PRODUCT OUT OF THE REACH OF CHILDREN.

SAFETY PRECAUTIONS

In case of fire, use water spray or fog, foam, dry chemical or CO2. In case of spill or leak, collect in chemical waste container.

PRODUCT WARRANTY: The statements made herein, on labels, product bulletins, or by any of GST International, LLC's, employees or agents concerning this product are given for general information only. Due to variables beyond GST International's control in application, surface preparation, surface temperature, humidity and other variable factors GST International assumes no liability for any claim that may arise out of the use of its products and disclaims any warranty expressed or implied relating to the storage, application, thinning, merchantability, Buyer's assumption of performance, and the fitness for a particular purpose. Receipt of products from GST International or its agents constitutes acceptance of the terms of this warranty. In the event that GST International finds that the product delivered is not of GST International's standard quality, GST International will at its sole discretion, either replace the product or refund the purchase price. GST International's choice of one of these remedies shall be the Buyer's sole remedy. GST International will under no circumstances be liable for consequential damages, except insofar as liability is mandated by law. GST International will deliver products at agreed times insofar as it is reasonably able to do so, but it will not be liable for failure to deliver on time when the failure is beyond its reasonable control.
